DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on December 17, 2004. In the
5 amendment claims 1 and 4 were amended. Currently, claims 1-4 remain for examination.

Allowable Subject Matter

2. Claims 1-4 are allowed.
- 10 3. The following is the Examiner's statement of reasons for allowance: the claims are directed a method of manufacturing a mini-card with a semiconductor device. The steps of manufacturing the mini IC card are as follows: providing an array of substrates including a plurality of individual substrates; mounting a semiconductor device on each individual substrates; covering the individual substrates and dividing them after the covering steps are
15 completed. It is the Examiner's opinion that these steps are essentially disclosed in previously cited reference to Lee (US 6,323,064). The main difference is that individual substrates in Lee are connected side-by-side manner, resembling checker-board arrangement before they were cut into individual pieces. Instant application claims that individual substrates connected by a connecting segments (see figures 1A-1D). Such steps are not disclosed or suggested by the cited
20 references thus far.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
